

# WRECKED

## WEEK 4 - THE CHURCH

### CONVERSATION STARTER

Share about a time in your life where something that looked and felt bad...was bad, but turned out to be the best thing for you.

### DISCUSSION QUESTIONS

- Read Acts: 11:19-24. In the video, Jerry said, "God wrecked them by taking them out of their culture, language, and familiar surroundings and circumstances." Based on your present circumstances, how difficult would it be for you to heed a call like those in Cyprus and Cyrene? Why?
- Not everyone is called to a foreign culture or country. Do the same things you identified in the previous question keep you from being sent by God to those around you? Are there different things that keep you from "going for God?" Explain.
- Are you willing to have God wreck you so that you can advance the Kingdom? Why or why not?
- Jesus said the disciples would be witnessed to, "...Jerusalem, Judea, Samaria and to the ends of the earth." If he had said, "Your home, your neighbor, your neighborhood, and your city," what could you do to make this happen. What can your Life Group do to impact the people on each side of where you meet? The neighborhood?

### PRAY

Brainstorm 6 activities that your Life Group can work on together in 2019 that will cause you to reach out to the neighbors and/or the neighborhood. [These do not have to be big events, costly events, or events that take a lot of time. They could be a cookout, a backyard movie night. Anything that allows your group to be able to interact with the neighborhood.] Then, put them on the calendar and start today praying for God to bring down barriers in your life and the lives of those you want to impact.
